About the prizes: If there are enough participants, the first six places are awarded in every category. In categories with lots of models and which are evaluated by scores, more identical places can be given in the case of score equality.

Above the usual more than 40 competition categories, in 2006 the following highlighted categories await the competitors:

- Land vehicles of the World War II on the African seat of operations
- P-47 aircraft in the world airspace
- Figures about famous persons
- Vehicles commemorating the revolution in Hungary in 1956.
- Star War figures and vehicles
- Formula 1 sports cars and other racing cars commemorating the 20th anniversary of Formula 1

In 2005 model-makers from 15 countries took part in our show with more than 1500 models. It was a great pleasure to us that a lot of exhibitors also delighted the visitors. It is worth coming to our town in 2006 too, as besides the programmes about modelling a lot of other interesting things and programmes also await participants and visitors. We would be pleased if everybody could return home from Mosonmagyaróvár, Hungary with nice memories.
