About the prizes:

If there are enough participants, the first six places are awarded in every category. In categories with lots of models and which are evaluated by scores, more identical places can be given in the case of score equality.

Above the usual more than 40 competition categories, in 2006 the following highlighted categories await the competitors:

- K1: Equestrian figures
- K2: Mig-15, Mig-17 and Mig-19 in the world airspace
- K3: Battle vehicles and aircraft in the Gulf war
- K4: Models of trucks of 'Gondár-Trans' transporter company (photos can be seen on the homepage of the club). The reward of the first prize is 200 Euros, which is chosen by the owner of the company.

In 2006 model-makers from 15 countries took part in our show with more than 1669 models. It was a great pleasure to us that a lot of exhibitors also delighted the visitors. It is worth coming to our town in 2007 too, as besides the programmes about modelling a lot of other interesting things and programmes also await participants and visitors. We would be pleased if everybody could return home from Mosonmagyaróvár, Hungary with nice memories.
